

**ANTENOR, the benchmark in HR for Health and Life Sciences**, meets recruitment needs (through a direct approach), assessment, and coaching for rare, expert, and managerial skills.

We are looking for a

### **Vétérinaire Responsable M/F**

For our client, who specializes in preclinical models. You will be joining a rapidly expanding international company in a cutting-edge research environment.

Here's why this opportunity is unique:

**A strategic role:** As a member of the Executive Committee (CODIR), you will be responsible for ensuring ethical standards and regulatory compliance. You will oversee veterinary expertise at the highest level of the organization.

**Medical & Surgical Management:** Responsible for animal health and welfare: diagnostics, prescriptions, complex surgeries, and post-operative follow-up.

**Research Engineering:** Veterinary expertise upstream of studies (protocol design, DAP drafting) to guarantee the ethics and validity of scientific data.

**Regulatory & Quality Guarantor:** Management of AAALAC accreditation, interface with the DDPP and GLP compliance of research procedures.

**Training & Communication:** Providing educational support to teams on best practices for handling animals and ethical requirements.

**Scientific Promotion:** Collaborating with the Scientific Department and representing the company at international conferences (publications, posters).

The profile we are looking for:

- **Doctor of Veterinary Medicine** (required).
- **Clinical experience** (minimum 3 years): Proficiency in surgery and anesthesia (canine, rural, wildlife, or research medicine).
- **Regulatory skills:** Knowledge of GLP and international ethical standards.
- **Languages:** Fluent English (written and spoken) for client and scientific exchanges.
- **Leadership:** Ability to unite, train, and supervise technical teams.
- **Attitude:** Scientific rigor, autonomy, and strong focus on solutions and customer service.

**Please send your application to Clotilde LAMIRE: [clamire@antenor.f](mailto:clamire@antenor.f)**
